A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, "dizzy spells," sour "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

EXCITEMENT ON EXCHANGE.

Trading in both the New York Stock Exchange and the curb stock market was in a turmoil yesterday as a result of excited movements and violent declines in the price of United Copper stock in the latter market. The suspension of the firm of Gross & Kleeberg, members of the New York Stock Exchange, contributed materially, if it was not the chief cause, of the declines in both markets. This firm has been trading actively in United Copper stock, and it was reported that they were members of a pool formed to support the price of the stock. Apparently, there was a break in this pool Tuesday, as the result of which the common stock broke from $59 to $36 per share, and the transfer agent of the company declined to record the transfer of a block of 16,930 shares which, he said, had been sold in violation of the rights of parties having some interest in it. It was reported that Gross & Kleeberg, acting for the interests identified with F. Augustus Heinze, had bought in some of this stock and that the Heinze interests refused to accept the stock because of the manner in which it had been placed on the market.

United Copper common, which closed at $36 Tuesday, opened at $25 yesterday and during the excitement of the afternoon went as low as $10, from which it recovered to $15 before the close. The preferred stock, which before yesterday had been quoted last at $74, reached the low point of $24 for the day. Trading in these stocks was confined to the curb market.

Evidences of active liquidation in the New York Stock Exchange appeared in the closing hour of the market and was attributed to heavy selling by interests which had suffered in the Copper movement in the curb market. Active stocks declined at the rate of a point per sale until net losses ranged from 2½ to 7½ points. The Copper stocks were seriously affected, American Smelting and Refining losing 6½ points for the day and Amalgamated 2½, the latter stock dropping to 49, the lowest it has gone since 1904, and closing at 50⅜. This was accompanied by rumors of unfavorable action on the dividend today. Missouri Pacific, Union Pacific, Northern Pacific, Southern Pacific and St. Paul showed net losses of 5¾ to 2¾ points.

A rally set in before the close of the market on the belief that the effect of the failure had been discounted.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotton rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by Gibson & Timberman and W. F. Creighton & Co.

STORMS IN EUROPE.

The whole of southern Europe is in the grasp of a terrific storm accompanied by torrential rains. This, coming on the heels of the unprecedented rainfalls and successions of floods of the past three weeks, is causing very great distress. The storm area extends from Morocco northward over Portugal, Spain and southern France. Warships off the African coast and the Spanish Peninsula have been obliged to seek shelter. The French torpedo gunboat Cassini lost her propeller while making port during the gale.

The village of Olat, near Barcelona, Spain, was literally washed away by a cloudburst, and the river Ilobregat, just south of Barcelona, is described as being a raging torrent and is constantly claiming new victims.

The city of Sebastian, in the north of Spain, has been ravaged by a violent hurricane, which tore up trees and telegraph poles, blocked the railroad tracks and stalled many trains. Telegraphic communication between Madrid and St. Sebastian is interrupted.

The recently flooded rivers in the south of France are again rising, and many houses, weakened by the previous inundations, are falling.

In the Department of Savoie a great overhanging cliff of 800,000 cubic metres is reported to be moving and in imminent danger to toppling over and crushing the village of Tormery, 1,000 feet below.

A dispatch from Brest says that a tempest is raging off the coast, and that several fishing smacks have been capsized and their crews drowned.

The storm compelled a Portuguese squadron to seek refuge in the harbor of Lisbon, and while making port the torpedo boat Lago collided with a gunboat, resulting in fatal injuries to the commander of the Lago.

His Dear Old Mother.

"My dear old mother, who is now eighty three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too; are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by all druggists. 50c.

Alexandria Gazette AND VIRGINIA ADVERTISER

THURSDAY EVENING, OCT. 17, 1907.

E. BENJAMIN ANDREWS, president of the University of Nebraska, and one of the most intimate friends of John D. Rockefeller, was the principal speaker at the fall convocation of the George Washington University, held at the Belasco theatre in Washington yesterday. Dr. Andrews declared that the pride, idleness and doubtful practices of a few rich men and women are no just cause for putting all rich men into the pillory, and that if a man becomes a billionaire no one has the right to denounce him or any part of his fortune save upon proof of fraud. Dr. Andrew's observations will appeal to all conservative people. Doubtless there are some among the opulent of this world who live selfish and thoughtless lives, and who seldom think of the difficulties encountered by the great mass of mankind who have a life-time struggle with poverty. But this small minority, it is believed, is offset by the larger number who give and give liberally, but in an unostentatious manner; hence their acts seldom become matters of public comment. In connection with the above the action of the Dupont Powder Company in telegraphing to the Governor of Indiana to draw on that corporation for any amount for the relief of the sufferers by the explosion at Fontanet, should not go unnoticed, as it shows that some corporations have souls and are ready to furnish aid to the deserving.

THIRTY-EIGHT countries, including all the great powers of the world, yesterday voted through their accredited representatives in The Hague conference for the establishment of an international high court of justice, based upon the principle of the juridical equality of all States, to which shall be submitted for hearing and determination all purely juridical disputes which may arise among the constituent nations. Thirty-nine countries, including all the great powers similarly voted against the use of physical force for the collection of contractual debts owed by one country to the citizens of another until the creditor country shall have offered arbitration and the debtor country shall have refused it or shall have failed to respond to the offer, or until the debtor country shall have failed to fulfill the award of arbitrators. There are several other good works recorded to the credit of the congress and it is hoped that there will be still more before that body finally adjourns on Saturday next.

IT IS intimated that most of the members of John D. Rockefeller, jr.'s Bible class in New York were seeking the loaves and fishes more earnestly than scriptual knowledge. An officer of the class yesterday pointed out that out of a 400 membership 75 per cent. have applied for places in the Standard Oil Company. Officers make no secret of the fact that Mr. Rockefeller's presence as leader brought a large attendance, and his absence has reduced the class seriously. On the other hand they are glad to think that the "undesirable" members will remain away and the good and sincere ones will stay. If the attendance continues to decrease, some members intend to inaugurate a move to ask Mr. Rockefeller to resume the leadership.

THE BULK of the male population of Washington soon will be scooting over the asphalted streets on roller skates if a movement which has been inaugurated by officials and employes of the Postoffice Department proves as popular as its promoters expect. A number of the minor officials and clerks of the department, feeling the need of brisk exercise in the open, and having no time to play golf, have agreed to try the experiment of going to and from their work every day on roller skates. The experiment is scheduled to begin next Monday, and the announcement of it has aroused keen interest among the fellow-clerks of the experimenters and the Washington public generally.

IN CONNECTICUT the constitutional amendment to raise the salary of members of the legislature from $300 to $500 has been defeated by an overwhelming vote. The voters of Connecticut have no notion of paying higher salaries to induce citizens of public spirit to serve in the legislature. The members of the Virginia legislature at the last session voted to increase their salaries, but it is safe to say had the question been put to the voters the increase would not have been made. The experience in some of the States is that the higher the salary the poorer the quality of the legislator.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Oct. 17.

The blame for the shooting in Brownsville, Tex., in August of last year, which resulted in the killing of one man, the maiming of another, the dismissal from the army "without honor" of a whole battalion of colored soldiers and the institution of one of the warmest political fights in recent history, has been definitely placed upon Company B of the 25th infantry, according to the annual report of Brigadier General William Crozier, chief of ordnance of the army, made public today at the War Department. His conclusions, he says, were reached after a most careful and technical investigation, the object of which was to identify the rifles from which the bullets and cartridge cases, received in evidence had been fired.

The new Cunarders, the Lusitania and Mauretania, will receive a big mail contract from the United States on account of their speed. Second Assistant Postmaster General McCleary has just returned from an inspection of the Lusitania and has decided that the two big liners shall hereafter carry first class mails from European ports. American line boats have therefore carried most of the foreign bound mails.

The scientists of the Weather Bureau are having more trouble locating the earthquake of yesterday than President Roosevelt is in finding bear in the Louisiana cane-brakes. It is the most puzzling wiggle that has ever come under their notice, and judging from the seismograph record, one of the most violent. Unless the cables shall bring news today of the location of the center of the disturbance, the natural assumption will be that the scene was out in the ocean, far from civilization.

Immigration records for September show that the number of aliens admitted to the various ports was 98,694, an increase of several thousand over September of last year.

Shortage in the wheat crop of Northern Europe has directed attention to the world's southern wheat-growing territories in the hope that they will offset it in part by a larger surplus production. The world now looks to Argentina, Australia and India, in which conditions are favorable for an increased surplus production, through Australia grain is in danger from drouth. A forecast of the world's crop for 1907 shows a decrease of two hundred and eight-nine million bushels from last year's production.

The Philippine government has taken up the marriage broker business as a side. The commission has just issued an order promising $150 to any man marrying one of the orphan girl inmates of the Hospicio de San Jose. It has been customary for Filipina girls to have their dowries, and the commission believes in conforming to the customs of the country whenever it can.

The Immigration Bureau has ordered the deportation of Lizzie Rocks and Annie McGregain, each eighteen years of age, alleged to have been imported as factory girls by the Finlayson Spinning Company of Grafton Mass. WAR PREPARATIONS.

A sensational dispatch from Washington says: Preparation for a hostile emergency in the Pacific is occupying the time and attention of the military and naval authorities to such an extent that all other work has been suspended in some branches of the two services. The war fever is spreading through the personnel of the army and the navy. Many officers are now aware of the circumstances which led to the decision to send the battleship fleet to the Pacific, and with their eyes opened in that respect they are watching the trend of events with absorbing interest. The idea that war is coming is apparently firmly fixed in the minds of some of those having superior means of obtaining information as to the goverment's attitude. Others, while depreciating the talk of war and inclined to the belief that there will be no conflict, contend, however, that preparations now under way are justified by the situation as they understand it, and commend President Roosevelt for what they regard as admirable forsight on his part.

Under orders from the Navy Department, the entire working force at navy yards on the Atlantic coast is being employed in making ready the vessels of the battleship fleet for the so-called practice cruise to the Pacific. Every class of labor that can be utilized in getting the fleet into condition for its long voyage has been withdrawn from its duties at the yards and put to work on the ships. The authorities of the army signal corps are devoting themselves exclusively to arrangements for the installation of electric fire control apparatus in the fortifications of Subig Bay, the new naval station established in the Philippines. The work is being conducted to the detriment of other projects, but the orders to complete it, which are understood to have come directly from President Roosevelt, are imperative.

The official assertion that the fleet's voyage to the Pacific is a practice cruise is a technical quibble. Present plans do not contemplate the return of the fleet to the Atlantic, or even its retention at stations on the Pacific coast of this continent. Unless the purpose now in the minds of those who will have a large part in determining its future movements undergoes a change the fleet will proceed to the Philippines and will remain there.

Ryan to be Forced Out.

New York, Oct. 17.—Wall street today generally credited the report that Thomas F. Ryan is to be forced out of the management of the Manhattan traction interests, leaving August Belmont in complete control. This is given strength by the report that P. A. B. Widener, of Philadelphia, has transferred his support from Ryan to Belmont. Ryan, it is said, is ready to submit gracefully to the unevitable. Reorganization of the traction interests is believed to be probable as the result of the rottenness exposed by Gov. Hughes's public service commission.

A rather novel experiment will be undertaken by some 30 or 40 clerks and letter-carriers of the Postoffice Department in Washington next Monday morning. They will hereafter eschew the street cars and will come from their homes to the department in the morning and return in the evening on roller skates.

Director Ballin, of the Hamburg-American Line, was quoted yesterday in an interview published in the Zeit, of Vienna, as admitting the report that his company intended to build a steamer of 47,000 tons, larger than the Cunard liner Lusitania, to be driven by a combination of turbine and reciprocating engines.

A crop of suicides is expected to follow the stranding of the Black Sea transport Pruth on Berensean Island Tuesday. Drunkenness among the officers and crew is said to have caused the accident. Although the damage was not serious, the government is so much exasperated by incomperency, intemperance and corruption among both army and navy officers that a rigid investigation has been ordered.

The train in which they were riding, while moving around a curve at Gapland, Md., at about twelve miles an hour, crashed into a slow "pick-up" freight which had preceded the Shriners' train. In addition to being knocked from their seats when the collision came, several members of the party were slightly injured.

Two negroes, Tom Bazle and William Anderson, were taken to Lynchburg last night from Danville and lodged in jail for safe-keeping. The warrent upon which they were arrested charges them with assaulting Mrs. John W. Ferrell, "with intent to maim, disfigure, disable and kill." On Tuesday afternoon before 6 o'clock, Mrs. Ferrell and her daughter were taking a walk in the suburbs of Danville, about a half mile from their home. The place is not much frequented and while the ladies were there, a negro emerged from some bushes and seized Mrs. Ferrell, tearing her clothing in doing so. The latter struggled desperately and her daughter also attacked her assailant, and the efforts of the two were so well directed that the negro shortly thereafter fled. They then returned to their home and gave the alarm. Later the two men were arrested on suspicion.

EPISCOPAL CONVENTION.

The joint committee of the General Episcopal Convention on time and place of next meeting, in Richmond yesterday reported to the House of Deputies that it had agreed upon 1910 as the time and Cincinnati, in the Diocese of Southern Ohio, as the place for the next triennial convention. Dr. Battershall, secretary of the committee, reported that the committee had received invitations from Kansas City, Denver, St. Louis, Asbury Park and Philadelphia, and that after due consideration the Ohio city had been agreed upon. Secretary Battershall further reported that J. Pierpont Morgan, a member of the committee, had extended a cordial invitation to the convention to hold the next assembly in New York.

Rev. Dr. Huntington, of New York, offered an amendment inserting "New York" in the place of the word "Cincinnati." This was defeated and Cincinnati was chosen.

After the hearing of committee reports the regular order of the day, permitting ministers of other denominations to deliver sermons and addresses in the Episcopal Church, was taken up, and, after a discussion, the following resolution was adopted:

"No minister in charge of any congregation of this church, or, in case of vacancy or absence, no charge warden, vestryman or trustee of the congregation shall permit any person to officiate therein without sufficient evidence of his being duly licensed or ordained to minister in this church; provided that nothing herein shall be so construed as to forbid communicants of the church to act as lay readers or to prevent the minister in charge of any congregation in this church when authorized by his bishop of permitting a sermon or address therein by any christian person approved by the bishop."

Rev. Cyrus Townsend Brady spoke in favor of the resolution, stating that under certain conditions such license was allowable. Rev. B. Talbot, Rogers of Fond du Lac, Wis., spoke in opposition to the resolution. After a long debate the vote was taken by the dioceses in order and was overwhelmingly carried. The vote stood—yeas 82, nays 28.

The most important action taken by the House of Bishops was concurrence in the recommendation of the committee on time and place of the next convention. The vote in concurrence was unanimous.

A resolution requesting the board of missions to appoint a special committee to confer regarding the preparation of a course in missionary work and other literary matters pertaining thereto, and also to lay plans for publishing a work on the missions of Anglican communion throughout the world, was adopted, subject to the approval of the lower house.

The House of Bishops voted that, at the present time, it would be inexpedient to raise the question of the legal title of the church, but in view of circumstances arising in connection with the missionary work of the church and in the publication of the prayer book in foreign languages it seems expedient to make a change in the title page of the Book of Common Prayer in order to avoid all possibility of misunderstanding concerning the character of this church. The result of this decision is that it be recommended that the title page of the prayer book be changed by omitting the words "According to the use of the Protestant Episcopal Church in America."

This amendment cannot be fully acted upon until the next general convention, as the constitution of the convention requires that matters pertaining to the change of prayer-books must lay over one convention before being acted upon.

A committee, consisting of the bishops of Massachusetts, California and Chicago, was appointed to look into the establishment of a permanent memorial at Jamestown.

The features of last night's session of the house of deputies was the passage by an overwhelming vote of the so-called archbishop bill, which provides for the election of a presiding bishop of the church, who will be paid, elected, and controlled by the general convention, and will serve until he becomes seventy years of age. This bishop can only be selected from among those presiding over dioceses of the United States.

The most vigorous opponent of the bill was the Rev. Dr. Grosvenor, of New York. He contended that the election of a presiding bishop was following the example of the Church of Rome and placing a pope over the American church.

The vote was taken by orders, and resulted in 56 to 6 in the clergy and 47 to 9 in the laity, in favor of the measure.

As stated yesterday the House of Deputies, sitting as a committee of the whole, on Tuesday night accepted a resolution proposed by the joint committee on memorials, from a conference of workers among colored people, recommending the appointment of suffragan bishops as a disposition of the ecclesiastical negro question.

The resolution as recommended to the house and referred to a joint committee for report, provides for the appointment of suffragan bishops, with seat and written vote in the House of Bishops. The resolution further recommends that the suffragan bishop shall be eligible as bishop or bishop coadjutor of a diocese, or as a suffragan in another diocese, or he may be elected by the House of Bishops as a missionary bishop.

LETTER TO J W HAMMOND & SONS

Alexandria, Virginia.

Dear Sirs: You manage men and machinery; no-one knows better than you that one man is worth more than another; that one machine is worth more than another machine. Sometimes you pay the man more, sometimes you don't; sometimes the machine costs more, sometimes it doesn't. The difference is, sometimes, two or three to one, and costs not a cent.

So with paint, and more too; the paint that does best service makes a less first cost of the job—you can paint Devoe at less expense than the meanest stuff you can get.

It is like a good steady man or machine; but goodness and steadiness have to be paid for in men, in machines not always, and never in paint. Paint is cheap in proportion to strength.

It is pure paint that is steady and good; it is paint adulterated that is tricky. There is enough paint in the worst of these mixtures to look and feel like paint, and enough adulterants (whiting, china clay, barytes, ground stone, benzine, water) to make two gallons of one

There are eight pure paints in the United States; we know of no more; there are 200 adulterated. We analyze all, and know what they are made-of. Pure isn't all; you want strength. The least-gallons paint is Devoe.

Yours truly,

60 F W DEVOE & Co.

Today's Telegraphic News.

Firm Declared Insolvent.

New York, Oct. 17.—In a formal statement given out at ten o'clock this morning the firm of Otto Heinze & Co. declared itself perfectly solvent and able and willing to meet and pay all its just and legal obligations in full.

The statement declared, however, that the firm at this time refuses to pay a number of obligations which it does not consider legal and just, and will wait until a proper adjudication of the matter has been made; that rather than submit to these unjust demands it prefers temporary suspension from the privileges of the stock exchange.

It is stated that Arthur P. Heinze is no longer a member of the firm of Otto Heinze & Co.

Great market irregularities were looked for in the street early today as the result of persistent rumors that underlying causes not yet brought to view are forcing the present trouble in the copper market. No one is able to name these factors, and in other quarters the belief is expressed by those well informed on Heinze affairs that the trouble precipitated yesterday and which ended in the failure of Gross and Kleeburg will not extend beyond the parties now known to be involved.

Considerable relief was felt in the street when it was found that all of the checks and sheets of the Stock Exchange clearing house went through smoothly this morning.

New York, Oct. 17.—F. Augustus Heinze resigned at noon as President of the Mercantile National Bank and Comptroller of the Currency Wm. Barrett Ridgeley has been offered the appointment as his successor.

Heinze accompanied the announcement of his resignation with the statement that the strenuous copper situation was responsible for his opinion that he would be serving the bank's best interests by retiring. He has not relinquished his stock in the financial institution, however.

No denial is made of the fact that the brothers F. Augustus, Otto and Arthur P. Heinze are penned in the copper corner and making the most desperate exertions to wriggle out and escape the clutches of their enemies in the Standard Oil "system".

New York, Oct 17.—The governing committee of the stock exchange today suspended indefinitely Max H. Schultze, the board member of Otto Heinze & Co.,

Under the rules it was imperative to take such action after Mr. Shultze had been given time and opportunity to notify the exchange of his inability to meet engagement.

The Explosion at Fontanet.

Fontanet, Ind., Oct. 17.—Col. DuPont, of the DuPont Powder Company, accompanied by General Superintendent Connable arrived here today, and after seeing that the work of making the residents comfortable was well under way, at once began an investigation of the cause of the disaster. Governor Hanley left town last night and this morning ordered another company of militia to report.

Today the town is burying its dead. All day yesterday graves were being dug in the little cemetery east of town. Funerals were held in tents this morning while a slight rain fell.

The search for the remaining six bodies around the scene of the powder mill explosion was resumed at daylight. Many parts of bodies were found by digging into the dust around the boiler house, but all were horribly mangled. The searchers were finally successful in one place, however. Governor Hanley at Indianapolis, communicated with Major Kersey and found that any person found digging for souvenirs would be arrested and if any attempt at escape was made, the offender would be shot.

The Governor was sickened at reports of acts of gangs of young men from Terre Haute, who carried off bones as souvenirs and exhibited them in Terre Haute saloons last night.

Failure of Hamburg Banking House.

Hamburg, Oct. 17.—Halle, Soehle & Co., one of the oldest banking houses in Hamburg, has suspended as a result, it is said, of the shrinkage in the market price of industrials. While no statement of the concerns condition has yet been made public, financiers estimate that its liabilities will approximate $3,000,000, so widely scattered, however, that the failure is not likely to be seriously felt in any single quarter. The house did a large business with Norway, Sweden and Denmark. Bankers familiar with international finance say that do not think the suspension will have any important influence.

McFarland Defeats Galligan.

Indianapolis, Ind., Oct. 17.—Fighting practically a one-hand battle up to the eighth round, Packey McFarland, last night, defeated Joe Galligan in the ninth round in one of the fiercest finishes ever seen here. The bell rang before the count was finished, but Referee Ryan stopped the battle because Galligan was in no shape to continue. McFarland had a bad right, injured in the training, and the battle was slow up to the seventh round, when Galligan fouled him. Then Packey came out of his trance with a rush and carried the Italian off his feet.

Closing of a Savings Bank.

Butte, Mont., Oct. 17.—The State Savings Bank, doing a general banking business closed its doors today. The New York corresponden's of the institution are the Mercantile National Bank and the Vannorden Trust Company. It was established in 1891 with a paid up capital of $300,000. The deposits are more than $4,000,000. Officials of the bank declared this afternoon that the suspension would be temporary.

Small to Stick.

Chicago, Oct. 17.—President Small, of the telegraphers' union of America, today, accompanied by a city detective and two private detectives, stole a march on the general executive committee by getting to the union headquarters and taking complete possession of headquarters.

Afflicted With Sore Eyes for 33 Years.

I have been afflicted with sore eyes for thirty-three years. Thirteen years ago I became totally blind and was blind for six years. My eyes were badly inflamed. One of my neighbors insisted upon my trying Chamberlain's Salve and gave me half a box of it. To my surprise it healed my eyes and my sight came back to me.—P. O. Earles, Cynthiana, Ky. Chamberlain's Salve is for sale by Gibson & Timberman and W. F. Creighton & Co.

Wireless Telegraphy.

Sydney, N. S., Oct. 17.—Press and commercial service between Port Morien and Clifden, Ireland, will be begun by the Marconi Wireless Telegraph Company at 2 this afternoon, when a message will be dispatched from Premier Sir Wilfred Laurier, congratulating England upon the establishment of the new means of communication with the western world. The initial Marconigram from the East—a communication from London to a New York newspaper—will not be filed until tomorrow. Inventor Marconi has cancelled all invitations to his friends and newspaper men to be present at the opening of the service, on account of the condition of his expert, Mr. Hankeey, who is dying.

Glace Bay, N. S., Oct. 17.—With a series of flashes that filled the Marconi station with blinding light and of booms that fairly rocked the station, William Marconi launched the first commercial message by wireless across the Atlantic ocean today. Scarcely had the sending instruments ceased their work before the operators were ready to receive the answering words from the East coast station at Clifden, Ireland.

The two initial messages were an exchange of congratulations at the establishment of a new link between the old and new worlds. From Premier Wilfred Laurier, of the Dominion of Canada, went a few words to the London Standard, from London Strachona, the Canadian High Commissioner in London came a similar communication to Sir Wilfred.

The remainder of today's business will consist almost wholly of press dispatches. The operators seek accuracy rather than rapidity and the day's work will not exceed 2,000 or 3,000 words.

The Illinois Central Controversy.

Chicago, Oct. 17.—Realization that the deadlock in the committee considering the proxies of both the Fish and the Harriman sides of the Illinois Central controversy is hopelessly deadlocked for the present caused adjournment of today's stockholders meeting until 3 p. m. Practically every proxy presented is being fought over, it is said.

Harriman's backers claim that Fish will not be able to control more than 250,000 voting strength when the examiners finally complete their work.

Chicago, Oct. 17.—E. H. Harriman today appealed to the people of the United States and their respresentative, the public press, to come to the aid of the railroads in a fight for a greater measure of justice before the Interstate Commerce Commission. He suggested a meeting of representatives of the press associations, the leading metropolitan dailies and the leading magazines of the country to devise just regulations for the railroads.

Mr. Harriman is conversing with newspaper men recently said:

"You fellows do not understand your power. You are in the position of the prosecutor and the railroads are the defendants."

Indian Cruelties.

Winnipeg, Oct. 17.—That Indian tribes living within a few hundred miles of Winnipeg have resorted to the most brutal savagery was brought out at the trials of chieftains of the Saltc tribe just ended at the Hudson Bay company's fort at Norway. Sick and helpless members of the tribe were strangled and burned at the stake to relieve their relatives of careing for them. Chief Joseph Pezquan was convicted of murder and sentenced to death. Chief Jack, of the Sucker Band of the same tribes, strangled himself to death in his cell the night before the date set for his trial.

Minister Fined.

Cleveland, O., Oct. 17.—Rev. Edwin N. Hardy, aged 46, a clerical delegate to the congregational tri-ennial council from Quincy, Mass., attempted to study sociology in Cleveland's tenderloin. As a result he was fined $10 in police court today charged with visiting a disorderly house, although he protested his innocence.

Floods in France.

Paris, Oct. 17.—The flood situation is at its worst throughout Central and Southern France. The water is two to ten feet deep in scores of towns. Thousands are homeless and many have been drowned.

Emperor Francis Joseph's Condition

Vienna, Oct. 17.—Emperor Francis Joseph is suffering today from a slight recurrence of his fever. His physicians confess that the symptom is highly disappointing, as there is no possibility of the patient's recovery until his temperature is normal. The emperor passed a comparatively comfortable night, though greatly troubled at times by his racking cough.

New York Stock Market.

New York, Oct. 17.—The market was far steadier during the first hour than any one on the street expected it would be. Frightened liquidation and some forced closing out of long accounts caused irregular declines in that period, but the losses were not large compared with those suffered at intervals in the preceding days of the week. The name of John D. Rockefeller was freely used on the floor in connection with purchases of Reading and a number of other stocks and there were indications of banking buying in Steel, Union Pacific and Pennsylvania. The range of prices was almost uniform, including early declines of ½ to about 2 points in the first few minutes, followed by an advance on which the losses were recovered on many stocks.

After the first hour there was renewed heaviness in the market and general uneasiness prevailed. At mid-day the course of prices was generally downward.

JAPANESE EMIGRATION.

According to advices received by the steamer Empress of China which has arrived at Victoria, B. C., the Japanese government will organize a bureau of immigration and colonization. A recent action on the part of the government resulting from the protests on the Pacific coast have forced into liquidation 28 immigration companies. The government raised the indemnity which each company is compelled to furnish from $5,000 each to $25,000, which they were unable to do. Another circumstance having to do with their failure is the refusal of the government to issue passports to Mexico and Peru. Emigration to Canada and Hawaii averages only about 1,000 a month, which is insignificant when divided among so many companies. Many of the Japanese newspapers comment adversely on the new bureau, which they deem a ladder on which to back down from occidental prejudice.

Out of Sight.

"Out of sight, out of mind," in an old saying which applies with special force to sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles, too, and chilblain disappear under its healing influence. Guaranteed by druggists. 25c.

"SHOT UP" TOWN.

The little town of Wilson, on the Monongahala river, about 20 miles above Pittsburg, Pa., was almost depopulated yesterday, as a result of an attack in true Western fashion made on the town early in the morning by several hundred Italians. The Italians, all of them intoxicated, literally "shot up" the town until the 1,500 inhabitants fled in terror.

There was an Italian birthday party Tuesday night, which was attended by all the Italians in the neighborhood. Large quantities of bad whisky were served. Each of the Italians was armed and, smarting under the threats that have been made against the Italian colony on account of the Blackhand outrages, the foreigners started out for revenge.

The foreigners divided into squads and visited every house in town, shooting through windows and doors and terrorizing the inmates. Everyone was warned to keep off the streets. The only thing that saved wholesale loss of life was the fact that the injunction was obeyed.

Antonio Piggi, one of the more respectable of the Italians of the town, remonstrated with his countrymen, and a moment latter fell to the ground with half a dozen bullets in his body. He is in the McKeesport Hospital dying

High constable Ezra Smith and county detective John S. Engbert succeeded in dispersing the crowd at dawn. Then the inhabitants fled from their houses and declared that they will not return until the neighborhood is rid of the foreigners, as they fear another outbreak.

Your [illegible] scores of charges were preferred against the Italians, and more trouble is expected when an attempt is made to serve the warrants.

CONFEDERATE RELICS.

The application by J. Tayor Ellyson, president of the Confederate Memorial Society, to erect the proposed battle abbey in Monroe Park, Richmond, raises an interesting question. The society has $200,000 for the purpose, half of which was given by the late Charles Broadway Rouss.

The Confederate relics which would be wanted for the battle abbey are, however, owned by the Confederate Memorial Literary Association, which desires the battle abbey to be adjoining the Museum, the old White House of the Confederacy, which, in itself, is one of the greatest Confederate relics of all. They say that they have not been consulted formally about the matter, it is understood, will oppose removing the museum to another place. Davis mansion, however, is not fireproof and the battle abbey will be a fireproof building.

STENOGRAPHER SUES.

Before Judge Edmund Waddill and a jury in the United States District Court in Richmond the suit of Heinz against Walden was begun yesterday. Miss Heinz, a Philadelphia stenographer, sues to recover $5,000 and an annuity of $1,200 from the defendant. She alleges that she was employed by Walden, a Fredericksburg capitalist, at $100 a month as a stenographer. It was stipulated, according to Miss Heinz, that the defendant should give her a life position, and that she should be a beneficiary in his will at his death to the extent of $5,000. After she had served in the employ of the defendant for some years he discharged her. She then brought suit to compel him to live up to the alleged agreement. Miss Heinz says she gave up a lucrative business in Philadelphia to accept the position with Walden.

RESULT OF PLAYING GHOST.

Frightened by her sister, who was wrapped in a sheet and playing ghost, Clara Osgood leaped from a second-story window at her home near Reedville, Ky., Tuesday night, and was instantly killed, her neck being broken. The girls had had an argument about ghosts, and Clara stoutly maintained that no apparition could frighten her. She offered to bet her sister a new silk petticoat to that effect. Waiting until Clara apparently had forgotten about the incident, the elder sister wrapped a sheet about her and entered Clara's sleeping room late Tuesday night, uttering weird moans. Clara suddenly awoke, and rushing to the window in her fright leaped headlong through to the ground below. The sister, Annie Osgood, is prostrated with grief, and is being watched for fear she will take her life.

INDICTED.

Andrew Woolingham and his son, Jackson Woolingham, both of Warren county, were yesterday jointly indicted by the Loudoun county grand jury as principal and accessory for the murder of Robert C. Carlisle, an aged citizen of Bluemont, Loudoun county, on June 24. The murder grew out of a difficulty between Andrew Woolingham and Carlisle over the former's daughter, who had been residing with Carlisle as his housekeeper. The defendants allege that the killing was done in self defense. After the shooting both escaped into Clarke county, where they were arrested.

Indictments were returned against Walter E. Copeland, of Hillsboro; Jefferson Hummer, of Bluemont; Mason Redman and John Rhodes, of Hamilton, each charged with assult.

New Jersey Day.

Jamestown, Va., October 17.—New Jersey is being celebrated at the Jamestown Exposition today. The Jersey delegation on the ground is led by Gov. Stokes. Members of his staff and official family are present almost without exception and the proportion of the rank and file of citizens of the commonwealth in honor of the occasion is probably larger than on any other previous day of the big show.

The strike situation on the United Railways in Havana is more serious today than at any time since the trouble began.

CHURCH ROLL CALL.

The Deacons of the First Baptist Church of this city, under direction of the church, have perfected arrangements for having a roll call of the membership of the church, which will take place at the morning service next Sunday morning. The following programme has been arranged: Doxology, invocation, hymn, scripture reading, prayer, offering, announcements, hymn, reading of covenant, remarks upon covenant by pastor, roll call, hymn, "Bless Be The Tie That Binds," benediction. The foregoing will be interspersed with special music by the choir under direction of the Chorister, Mr. J. T. Preston. Special efforts are being made to have a large representation of the membership of the church present, which numbers about 750.

POLICE COMMISSIONERS.

Most of the business transacted by the Police Commissioners last night was of a routine nature. All the members were present and Mayor Paff presided. The monthly report of Chief Goods was received. The chief appeared in person before the board and was questioned at some length with reference to his duties and those of the officers under him. He was requested to see that the rules and regulations are rigidly enforced and was informed that the board would hold him accountable for the management of his department. The chief announced that the men were required to report to the station house every fifteen minutes while on duty.

SENT TO REFORM SCHOOL.

Linden Haddox, the youth who shot Justus Schneider, another boy, on the 6th instant, was arraigned in the Police Court this morning, the case having been postponed on the 7th instant until today. Mr. L. H. Machen appeared as counsel for the accused. After Schneider had given his version of the shooting, twelve youths testified. The circumstances in the case were substantially published in the Gazette, the shooting being the outcome of trouble between the boys, superinduced by stone throwing while the youths were in boats. Justice Cator, after summing up the case, sentenced young Haddox to the Reform School.

NIGHT SCHOOL.

The night school for boys was opened in Peabody school building last night by Col. T. H. Ficklin in the room of the principal of Lee school. A dozen boys were present, all of whom seem anxious to study and learn. They were told that order was to be observed, that the room was to be kept neat and clean and that they were there for study and not for play. The injunction of the teacher was fully carried out, and what is believed will be a successful night school was thus started.

DEATH OF MRS. DEAN.

As was stated in the Gazette, Mrs. Catherine Dean, 29 years old, of 1108 Four-and-a-Half street southwest, Washington, died yesterday morning at 4 o'clock at the Emergency Hospital from being poisoned by carbolic acid. Mrs. Dean drank the poison by mistake about midnight. She had been ill recently and kept several medicines near her, and it is believed that she took a dose from the wrong bottle. Mrs. Dean was the wife of Mr. Edward Dean of this city.

DEATH OF J. E. McKENNEY.

Mr. James E. McKenney, who had recently been critically ill from organic disease, died at his home, No. 405 south Lee street, early last night. The deceased was 73 years old. He leaves a son and two daughters. Mr. McKenney was a native of Charles county, Md., but had lived in Alexandria for over half a century. For many years he had engaged in the oyster business. The deceased was a member of the Free Methodist Church.

THE HUNTER'S MOON.

The October moon is known popularly as the hunter's moon, because the number of evenings when the moon, near its full, rises before midnight is nearly the greatest possible, exceeded only by the harvest moon of September. Full moon falls on the 21st. It will rise before midnight for eight following evenings. New moon occurred on the 7th. The last half of the moon will have moonlit evenings.

NEGROES IN A FIGHT.

There was a fight yesterday afternoon between several negroes on Fayette street, between Cameron and Queen, during which cries of murder were heard but none of the combatants was seriously hurt. Officers Lyles, Bell and Ferguson succeeded in arresting the combatants and Robert Preston and Mary James were fined $5 each in the Police Court this morning. Two others were dismissed.

MOTION PICTURES.

The entertainment given by the Metropolitan Moving Picture Co. at the Opera House last night was considered one of the best motion pictures shows seen in this city for some time. A very large crowd was present which testified its approval by vigorous applause. Tonight an entire change of picture will be given, and a new illustrated song entitled "Dreaming" will be rendered.

KNIGHTS OF COLUMBUS.

About fifty members of Fitzgerald Council, No. 459, Knights of Columbus, of this city, will visit the council of the order in Washington tonight, when the degree team of the Alexandria council will exemplify the first degree of the order. The Alexandrians will leave here at 7:10 o'clock on the palace car "Mount Vernon."

FELL FROM A SCAFFOLD.

Mr. William M. Dobson, of this city, employed at the Indian Head proving grounds, fell from a scaffold while at work yesterday and seriously injured his back, and both of his legs. He was later brought to this city and carried to his home, No. 217 north Pitt street, where he received surgical attention.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Robert Preston and Mary James, both colored, charged with disorderly conduct and fighting, were fined $5 each. Wm. Grady, colored, who was charged with similar offense, was dismissed. He was, however, charged with shooting at a woman, and had his case continued.

Harry Springs, colored, charged with being drunk and disorderly, was dismissed.

Elizabeth Turner, charged with assaulting Eddie Wells, had her case continued.

Linden Haddox, charged with shooting Justus Schneider, jr., was sent to the Reform School.

OPPOSED TO RACE SUICIDE.

Fifteen years ago a colored woman, who now lives on south Fairfax street, married a colored man who was the father of thirteen children by a previous marriage. His last wife is now the mother of fifteen children. Should a family reunion take place thirty seats would be necessary at the table in order to accomodate the father, mother and their offspring. It is suggested that President Roosevelt should be given the facts in this case in order to show him that some, at least, are opposed to race suicide.

FIRST NATIONAL BANK.

In the roll of honor of National Banks of the United States for 1907, published by the financier of New York City, the First National Bank of this city stands 6th among the banks of the State of Virginia. The percentage surplus and undivided profits to capital being over 163 per cent.

SUDDEN DEATH.

Abraham Scott, colored, an employee of the Southern Railway Company, who lives on Princess street between Henry and Fayette, while walking near his home about 1:20 o'clock this evening fell suddenly to the side walk and died in a few minutes. Heart disease was given as the cause of death.

KILLED BY ANGRY FATHER.

W. K. Stout, a well-known farmer, of Sullivan county, residing eight miles north of Bluff City, Va., yesterday emptied the contents of a double-barreled shotgun in the breast of William L. Jones, a married man, thirty-five years old, who he alleges was intimate with Stout's daughter. Jones was still alive last night, but there is no hope for his recovery.

Learning the story of her relations with Jones from the lips of his eighteen-year-old daughter, Stout procured a shotgun early yesterday morning and went in search of Jones. The two met just as Jones was leaving his mother's home, and without warning Stout leveled the gun and fired both barrells, leaving his victim lying on the ground unconscious.

There is great excitement in the neighborhood over the shooting, but as yet Stout has not been arrested. He says he is ready to surrender.

It is said that Jones denies having improper relations whatever with the girl, but the father declares he betrayed his daughter and he does not regret his action. The girl is in hysterics over the occurrence. She followed her father almost a mile when he left home before the shooting, begging him to spare Jones' life, but he refused.

Tomorrow, Friday, Is REMNANT DAY.

Tomorrow all broken assortments, odd lots, short lengths, remnants, from whatsoever cause, will be offered at prices very much below their intrinsic value. There is no place in our stock for merchandise that is not absolutely perfect, and that does not furnish a satisfactory assortment. Remnants are the natural consequence of healthy trade, and we take this method of clearance. The saving to be effected is very material, and in most instances the items are perfect. All remnants are plainly marked, and the originial prices at which sold noted upon the tickets. Every department throughout the store will offer items of interest to careful buyers, and the collection will be particularly interesting.

WOODWARD & LOTHROP.

[Editorial in Hartford, Conn., Daily Courant]

Collector P. Davis Oakley has voluntarily withdrawn the personal bond of $25,000, given for the proper performance of his duties, and has substituted the bond of a fidelity company for the same amount. This commendable action deserves a passing comment. Mr. Oakley found no difficulty whatever in getting bondsmen, but, whoever his bondsmen might be, there could be no denying that they had put the collector under a direct personal obligation to them. It is far more independent and self respecting, to go down into your own pocket for the premium and pay a corporation, chartered for the purpose, for giving its bond for you. This cost him some money, but with that he buys complete personal independence and sets an example that should be widely followed. It is the way to do business; and it is no reflection upon willing friends to go instead to a company. On the contrary, it is doing them a favor.

This bond was written by the

OLD TESTAMENT DATES.

That the flood occurred in the year 3327 B. C., and that the earliest occurrences recounted in the Bible date from 3429 B. C., is the news given out by Dr. Olaf A. Toffteen, in Chicago. Dr. Toffteen is professor of Semitic language and Old Testament literature in the Western Theological Seminary in that city.

These interesting dates have been reasoned out by the seminary professor, and he is certain he can prove them to any anxious inquirer. In fact, he has gone through the entire Old Testament and catalogned the happenings, to all of which he has attached dates.

Here is some of his work: Joseph was sold into Egypt in 1901 B. C., and became Governor of that country in 1887 B. C. Isaac was born in 2065 B. C., when Abraham, his father, was just 100 years old. Jacob and Esau both were born in 2006 B. C. Rameses I began his reign in 1321 B. C. Abraham was born in 2165 B. C., and lived to be 175 years old. The temple of Solomon was begun in the year 968 B. C.

A Certain Cure for Croup—Used for Ten Years without a Failure.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much fear the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequaled for croup and whooping cough. For sale by Gibson & Timberman and W. F. Creighton & Co.

PRIEST WEDS.

A sensation has been created in the Italian colony in Philadelphia, by the action of Rev. Nicolo Mucci, of the Church of Our Lady of Good Counsel, who has renounced the priesthood to take a wife. Mr. Mucci has severed all clerical relations with the church and is filling a position as clerk in a coal office. The name of his fiancee is carefully concealed by the former priest who has sacrificed so much to wed her. It is known, however, that she is the daughter of a leading merchant in the Italian colony, and that she is still in her teens. "I was never intended to be a priest," said Mucci yesterday. "My heart is not in the work. The restrictions placed upon me are too severe. It is not my wish to be a hypocrite, and therefore I must leave the priesthood."

To check a cold quickly, get from your druggist some little Candy Cold Tablets called Preventics. Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he ncountered. The safest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed by all drug stores. 50c and $1.00. Trial bottle free.

Rings Round Eyes

J-19-

The ills peculiar to women, take different forms.

Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired feeling. Others suffer agonies of pain, that words can hardly express.

Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and act on the cause of their troubles, the weakened womanly organs.

Wine of Cardui

Mrs. M. C. Austin, of Memphis, Tenn., writes: "For five (5) years I suffered with every symptom of female disease, but after using the well-known Cardui Home Treatment, I was entirely well."
